

Pillow v2.4.0 (PIL fork)

Pillow

Pillow is the ‘friendly’ PIL fork by Alex Clark and Contributors. PIL is the Python Imaging Library by Fredrik Lundh and Contributors.

To start using Pillow, please read the [installation instructions](#).

You can get the source and contribute at <https://github.com/python-imaging/Pillow>. You can download archives and old versions from [PyPI](#).

Support Pillow!

PIL needs you! Please help us maintain the Python Imaging Library here:

- [GitHub](#)
- [Freenode](#)
- [Image-SIG](#)

Financial

Pillow is a volunteer effort led by Alex Clark. If you can't help with development please consider helping us financially. Your assistance would be very much appreciated!

Note: Contributors please add your name and donation preference here.
